

## COUNCIL MOVES TO DECLARE FORFEIT FRANCHISES OF THE TRACTION COMPANY

### RESOLUTION RECITES THAT ALL FRANCHISES ARE FORFEITED WHEN PARTIALLY ABANDONED

Oakland Is Declared to Be Free From Monopoly Control  
and Competing Street Railroads Are Invited  
to Enter the City.

The gates of Oakland have been thrown wide open to railroads and railroad builders. Last night the Council, in declaring the city's freedom from street railway monopoly, and taking initial steps to declare forfeit all partially abandoned franchises. Included in the resolutions a general invitation to railroads to seek for entrance and to capitalists to apply for street railway franchises.

#### DISOBEYED LAW.

The Oakland Traction Company has abandoned parts of many of their franchises and has neglected to comply with a number of the conditions under which they obtained the franchises, at the same time seeking new franchises with intent to shut all competitors out of this field.

This policy has provoked so much public indignation that the Council has decided to put a stop to the street grabbing process and compel the Traction monopoly to live up to its contracts with the city or surrender its franchises. The resolution to declare forfeit franchises, parts of which have been abandoned, recites that the city extends a hearty welcome to all railroads desiring to enter Oakland, and that rights of way will be freely granted to all such within the limitations of the law, and that no partiality will be shown the monopoly now in possession of the field.

#### ABANDONED FRANCHISES.

Resolutions reflecting the dissatisfaction of a large number of people of this city with the methods of the Oakland Traction Consolidated and the car service given by it to many parts of the city were introduced by President Fitzgerald and Councilman Aitken at the meeting of the City Council last night. The first of these,

COUNCILMAN AITKEN, WHO HAS OPENED THE PEOPLE'S FIGHT AGAINST THE OAKLAND TRACTION COMPANY.

introduced by Fitzgerald, was as follows:

"WHEREAS, The Oakland Traction Consolidated has seen fit to discommode the passengers on the street railroads on Twelfth street and on Sixteenth street, running westerly to Sixteenth street depot, by running its cars at such intervals of time to cause in numerous cases people to miss trains, also causing passengers arriving on trains at Sixteenth street depot to wait an unnecessary length of time before they can reach the center of the city, and

"WHEREAS, the said Oakland Traction Consolidated has, by changing the route of cars, endeavored to divert for its allied corporations the travel that would naturally in certain districts take the trains nearest to reach San Francisco or trains leaving Sixteenth street depot,

"RESOLVED, That the City Attorney be and he is

hereby authorized and requested to prepare, upon information furnished to him of the violations by the Oakland Traction Consolidated of its franchises on Twelfth street and Sixteenth street, necessary ordinances, etc., declaring their franchises on said streets abandoned and forfeited."

#### WRETCHED SERVICE.

Following this resolution came a second one referring to the cars in East Oakland, introduced by Councilman Aitken, and is in common with a growing protest of the citizens of East Oakland and Fruitvale against the poor service the Traction Company is giving in these districts.

Yesterday this matter was called to the attention of the Board of Supervisors by E. H. Marwedel of Fruitvale, who also disclosed the fact that the Oakland Traction Consolidated had failed to pay its tax of \$5 a car for the past fourteen years. Realizing the truth of what Mr.

### FIGHT OF THE PEOPLE

Marwedel said, a check for \$1420 in payment of the amount was tendered by the company.

#### FORFEIT FRANCHISES.

Mr. Aitken's resolution reads:

"WHEREAS, at a meeting of the Committee of the Whole of the Council, City of Oakland, held on May 24, 1906, its attention was called to the right of the Council to declare forfeit franchises where a portion of the same has been abandoned, and

"WHEREAS, The Oakland Traction Consolidated has abandoned portions of franchises, to the detriment of the property where purchased along the lines of abandonment, on account of the facilities afforded by the street railroads, thereby causing the property owners a great loss, now therefore be it

"RESOLVED, That the Clerk of the Council be and he is hereby requested to prepare and submit to the Street Railroad Committee a list of street railroad franchises where portions thereof have been abandoned;

"FURTHER RESOLVED, That this Council will take necessary legal requirements to declare forfeit the entire franchises where portions have been abandoned, and further

"RESOLVED, That the City Clerk cause to be given wide publicity of the fact that this Council invites from all persons, corporations or street railroad companies, outside of the City of Oakland, applications for franchises to operate street railroads in any portion of the city, and this Council especially invites those applicants for or holders of (other than Oakland Traction Consolidated) franchises for street railroads granted by the Board of Supervisors of Contra Costa county or Alameda county to apply for the privilege of operating street railroads in this city, also that the Southern Railway Company and West Railway to apply for franchises, and

"RESOLVED, That the Council will grant

### AUTO AND AN ENGINE COLLIDE

Frightful Accident Is  
Narrowly Averted  
at Berkeley.

BERKELEY, May 29.—A frightful accident, was narrowly averted this morning in a collision between a big touring car and the Berkeley local train coming down the heavy grade from North Berkeley. Six persons were in the automobile at the time and it was the prompt action of the chauffeur Richard Jeffery, and the engineer of the train that the three women and the three men in the machine were not instantly killed. The engineer of the train slowed down while the man at the wheel of the automobile turned directly into the engine and prevented a broadside crash that would have meant death for the occupants of the car.

#### OCCUPANTS OF CAR.

The large black touring car contained Miss Ethel Vail of Grass Valley, Mrs. Thomas H. Waters of Nevada City, Mrs. John Vail and Bert Jeffery with Richard Jeffery at the wheel was speeding up Addison street on the way to the University of California campus just as the 9:27 Southern Pacific No. 2095 from Berryman, with Conductor Sam Bones in charge, was coming down the heavy grade.

The occupants of the automobile did not see the approaching train as they tried to cross Shattuck avenue, but continued on their way. Without warning the engine swept down the engineer quickly putting his brakes as he saw the danger.

By this time the chauffeur was warned and averted a worse tragedy by turning the machine full into the approaching train to prevent being struck by the train square in the middle, which would have cut the automobile in two.

#### MACHINE NOT OVERTURNED.

This act on the part of Richard Jeffery saved the touring party for the engine struck the car a glancing blow near the lights, but the machine was not overturned. The train, too, had slowed down and this lessened the force of the impact.

The occupants of the touring car jumped out more frightened than hurt. The machine itself was not badly wrecked, only a front wheel being twisted and bent. After an hour's work this was straightened and the party proceeded.

Thomas H. Waters, one of the party when it was struck by the train, is a deputy sheriff of Nevada City. He told a TRIBUNE reporter that he was taking the party out for a ride. They had started from Piedmont in the morning and were about to go through the University campus. Waters said that he and his friends intended starting for Grass Valley tonight.

### AMERICANS AND KING ALFONSO

Representatives From  
United States Are  
Welcomed.

MADRID, May 29.—The arrival today of the foreign princes and envoys adds to the glitter and pomp with which this city is invested for the royal wedding. The American, Italian and Portuguese delegations were among the earliest arrivals, while princes, archdukes and grand dukes representing the reigning houses of Europe with dazzling retinues, arrived continuously during the afternoon.

#### THE AMERICANS.

Mr. Whitebridge, the American envoy, accompanied by his family and his military and naval staff, reached Madrid after midnight. Mr. Whitebridge was heartily greeted at the splendid quarters assigned him in the Etno-Hermoso palace regarding it as a manifestation of Spain's cordiality to the United States.

Along the front of the palace looped garlands of red and white roses, and over the massive doorway is the escutcheon of the United States, framed in prismatic glass through which electric lights produce a glittering effect. The wings of the palace are fronted with huge escautcheons of Spain and Hattenberg, each framed with electric lamps. The Stars and Stripes float from an upper window of the palace.

#### ROOSEVELT TO KING.

At 4 o'clock this afternoon Mr. Whitebridge, escorted by a troop of Hussars will visit the foreign minister, the Duke of Almodovar present his credentials and arrange for an audience with King Alfonso, and present an autograph letter from President Roosevelt to the King.

#### BRINGS A SUIT AGAINST A BANK

Suit was begun this morning by Elizabeth F. Downing against the Farmers' and Merchants' National Bank at Hanford and J. F. Dwyer charging that she has been injured to the extent of \$20,000 by reason of the fact that the bank and its representatives has grabbed out fifty-five acres of pear orchard on a piece of property in Kings county on which she had an option to purchase. She states that she is ready to make the purchase but that the bank and Dwyer are unable to fulfill their agreement by reason of the fact that they have changed the character of the property. The land in question is situated near the town of Hanford and consists of a ranch of 80 acres together with improvements valued at \$10,000.

#### REFUSED TO TALK.

T. Matsumaga, an insane Japanese was brought up for examination before Judge W. H. Waste this morning but refused to talk and finally the proceedings had to be put over until an interpreter could be secured. He is a youth apparently about twenty-five years of age. An interpreter will be secured in order to see whether he would converse with native language although he understands English and at times speaks it with fluency.

#### HOSTLER BITTEN BY A HORSE

The shocky head of Charles Gilbert, a hostler, was taken for a bunch of grass by a horse in the Blackhawk Stables, at Seventh and Clay streets, this morning, and as a result of the attempt to wrench his scalp lock loose Gilbert was forced to make a trip to the Receiving Hospital, where he was treated for a severe laceration of the scalp by Steward Harry Boichert.

Gilbert said that he was employed in the stable and never knew of any tendency the horse and shown of being near loose to explain how such a mistake was made by the animal. There was, however, no mistake about the wound made by the animal, which necessitated the taking of several stitches to close the gap.

### DENICKE IS ARRAIGNED IN COURT

Son of Millionaire to  
Face Charge of  
Murder.

SAN FRANCISCO, May 29.—Ernest Denicke, accused of the murder of an unknown man on April 28th, during the progress of the fire, was arraigned before Police Judge Shortall this morning and his examination set for next Thursday.

The defendant was instructed as to his right to have counsel through all stages of the proceedings and also of his right to have witnesses summoned in his behalf.

There have been no recent developments in the case. The only witnesses in the case have examined and witnesses and have given their conclusions to the District Attorney.

The accused appeared unconcerned at this morning's session of court, and still refuses to make a statement for publication.

The attorney in charge of the defense are confident that they will show that the young capitalist exercised only his right as a special police officer and that what he did was in the line of duty.

The prosecution will produce several witnesses who state that the killing of the unknown man was "cold blooded murder."

## Publishers' Announcement

TO THE PUBLIC: On June 3 (next Sunday) THE TRIBUNE will begin publishing a regular Sunday morning paper of the best class, containing the latest foreign and domestic telegraphic news, local and State news, special correspondence, literary and dramatic criticism, strong editorials, a carefully selected miscellany, special features for women and children, etc.

This Sunday morning edition will be the peer of any newspaper of its kind on the Pacific Coast, and will be entirely distinct from the regular evening editions of THE TRIBUNE, which will in the future, as in the past, be crammed with live news from all parts of the world and articles discussing public questions from an independent standpoint.

The price of THE TRIBUNE, including the Sunday issue, will be fifteen cents per week or sixty-five cents a month by carrier, or fifty cents a month without the Sunday paper.

## SMALL SECURITY FOR HEAVY LOANS

Editor TRIBUNE: I am credibly informed that the Key Route corporation proposes to issue bonds and also certificates redeemable in twenty years to raise money under pretense of financing a system of docks and wharves. Bonds are a lien on the property of the company and are therefore worth what the property can be sold for.

But certificates are different. They are merely promises to pay, unsecured by lien or mortgage. They are good to sell, perhaps, but bankers will not take them as collateral or buy them as an investment.

By examination of the county records I find that the San Francisco, Oakland & San Jose Railroad Company (the Key Route) owns 411.03 acres of tide lands on the water front of Oakland, assessed for \$44,125. Also overflowed lands lying between the Southern Pacific mole and the old charter line of 1852, about 525 acres, assessed for \$97,000, making a total assessed valuation for both shore and overflowed lands of \$141,125.

This is the property on which the Syndicate proposes to borrow millions of dollars by bonds and certificates. If it is so valuable, why is it assessed for so little?

It should be borne in mind that all the property of the Key Route is already mortgaged to secure a bonded indebtedness of \$3,000,000. How does it look as security for more bonds and certificates on top of that?

A. W. SCHMIDT.

## TRICKS OF THE JAPANESE

HOW THEY PLAN TO TAKE  
TRADE AWAY FROM  
AMERICA.

WASHINGTON, May 29.—From various sources the attention of the State Department has been drawn to what it regards as the great hindrance of foreign trade with Manchuria, which is caused by the circulation of war notes circulated by the Japanese generals in the field during the late war to Chinese farmers and traders and coolies, who supplied either fodder, food, transportation or labor for the Japanese soldiers. Like notes were issued during the civil war by Union commanders in cases of necessity and they were all redeemed by the national government in the end.

It is not doubted that it is the purpose of the Japanese Government, to redeem their notes, and in fact, the redemption is said to be in progress, but in a manner which, it is claimed, is giving great dissatisfaction to the Chinese. The charge is made in some of the complaints that have reached Washington that discrimination is practiced to the great detriment of our trade in that quarter. It is true, however, that these charges are not official, and that all that comes to the department on the subject from its agents in China is the mere statement that the very circulation of these notes is injurious to American trade. A typical report is that from Consul General Rodgers at Shanghai, who says that besides monopolizing the transportation facilities, the presence of Japanese in Manchuria has had a deterrent effect through the circulation of these war notes.

The Shanghai merchants will not accept this paper (which is discounted twenty per cent) for their goods, and the same situation prevails in the Chinese, so that foreign goods remain stored and unsold in the warehouses. That is the official side of the matter. The unofficial reports state that no less than fifty million of these notes were issued by the Japanese, and that the Japanese officials refuse to redeem them directly from the Chinese, but oblige the latter to buy Japanese goods with the notes and afterwards redeem them when presented by Japanese either in coin or in new paper notes issued by the State bank.

The Japanese Government, through the embassy in Washington has energetically denied that any discrimination against foreigners is practiced and has asserted that the war notes were redeemable at par, but that there has been no diminution in the complaints on this score, and some time

must pass, in all probability, before the foreign traders recover the ground that they have lost in Manchuria through the circulation of this currency.

**AT IDORA PARK.**  
The orchestra at Idora Park has been a constant source of enjoyment to all who have attended the excellent operatic performances given there since the re-opening of the Park under the direction of H. W. Bishop, who is being ably assisted by Will Greenbaum, the well known San Francisco impresario.

The management has issued invitations to an afternoon orchestral parade under the direction of Paul Stern, one of the finest musical directors in the world. The concert is to be given Thursday afternoon, May 31, and all music lovers will be given invitations admitting two on application at the box office of the Park, Sherman, Slay & Co.'s or at "The Liberty Playhouse." Invitations will be mailed to any one telephoning to the Park for them. It is the intention of the management to give the music lovers the side of the show a genuine treat without expense.

The following interesting program has been arranged:  
Overture, "Light Cavalry" Von Suppe  
Waltzes, "Badger" Martin, "Smack Revere," "The Rose's Honeycomb," "Bratton"

Cornet Solo, Columbian Polka...Levy  
Wm. Mahood

Grand Fantasia from "Carmen," Bizet  
Overture, "William Tell," Rossini  
Sketch, "Down South," Myddleton  
Soprano solo, "Waltz," Carlsson

Miss Sybil Page  
Selection "Babes in Toyland" Herbert March, "Coast Defense" Leon M. Lang

Paul Steindorff, conductor; Genaro Saldana, concertmaster.  
It is the intention of the management to gradually make Idora Park the Mecca of music lovers of this vicinity and special concerts will be arranged from time to time at which specially engaged soloists will appear.

This week the company is singing that charming work, "The Chimes of Normandy."

chises on the business streets, also residence streets where not objectionable to the property owners or residents on said last named streets; further

"RESOLVED, That franchises will be granted to operate street railroads upon any portion of the Oakland Traction Consolidated tracks for a distance of five blocks, according to Section 499 of the Civil Code."

**RESOLUTION REFERRED.**

These resolutions, without comment, were referred by President Fitzgerald to the Street Railway Committee, where they will be considered and the burden of the complaint of the citizens laid before it.

**WANT FLAGMEN.**

An ordinance regarding a requirement for flagmen at railway street crossing was introduced as follows:

"Be it ordained by the Council of the City of Oakland as follows:

"SECTION 1. All persons, firms or corporations owning, operating or controlling any railway (other than street railroads) upon the streets of the City of Oakland, are hereby required to station a flagman and keep said flagman so stationed at all the crossings in said city where the cars of street railroads cross the tracks of any railway, and said flagman shall, upon the approach of a street railroad car signal said street railroad car to pass the crossing or stop upon the nearing of said crossings of any railway train.

"SECTION 2. No conductor, motorman or other person, firm, company or corporation having in charge or care any railway car or locomotive shall cause or permit same to pass said crossings specified in section one hereof until the flagman there stationed shall signal him or them so to do.

"SECTION 3. This ordinance shall take effect immediately."

This will also come up in committee for consideration.

The street railway committee of the Council is as follows: Aitken, chairman; Baccus, Hahn, Pendleton, Donaldson.

**MANY DRUNKARDS.**

There were twenty-two cases of drunkenness recorded in the city prison within the past twenty-four hours. Of these were only two residents of Oakland. The others gave the places of their nativity as follows: California 4, Ireland 2, Australia 1, Ohio 1, Indiana 1, Alameda 1, England 2, Poland 1, Michigan 1, San Francisco 3, New York 1, Honolulu 1, Kentucky 1, Norway 1, Sweden 1, Massachusetts 1. They were, with scarcely an exception, hard working people who had no permanent homes, but were traveling around picking up odd-jobs when offered to them. Nearly all of them admitted that they had received the drink which had caused their arrest in San Francisco and outlying towns and that the effect of it was not experienced until they reached this city. All of them were fined \$8 or three days imprisonment each in the city jail. "None of them had money and as a consequence they will be compelled to pass the next three days in jail, a fact which will not be objected to by them because the imprisonment insures them means of subsistence to which they seemed to have been strangers for some time.

## MILLIONS TO SPEND

Details of the Sundry  
Civil Bill are Made  
Public.

WASHINGTON, May 29.—The Sundry Civil Appropriation bill was completed and chairman Tawney was authorized by the appropriation committee to report it to the house today. It is the largest sundry civil bill ever reported, carrying \$94,346,573, of which \$55,400,000 is for work on the Panama canal. The amount carried is \$11,070,000 less than the estimates from the various departments. The canal appropriation is to be reimbursed to the treasury from the proceeds of the sale of canal bonds which have been authorized to the aggregate amount of \$300,000,000.

Deducting the canal appropriation, the bill carries \$11,721,573 more than the current sundry civil act.

For river and harbor work heretofore authorized and the repair of buildings \$5,170,000 is appropriated, a reduction of \$2,836,601 from the current appropriation under this head.

Among the items of appropriation for the canal are: Pay of officers and employees on the isthmus, other than skilled and unskilled laborers, \$3,328,088; Skilled labor on the isthmus, \$5,000,000; Purchase and delivery of supplies and equipment on the isthmus, \$10,374,511.

Loan to the Panama Railroad for new equipment, \$1,000,000. A printing reform is inaugurated by requirements that no money appropriated in the bill shall be used to maintain branch printing offices in any executive department in Washington; that the plants of such branch offices shall be turned over to the public printer within thirty days after the passage of the bill and that hereafter detailed estimates for printing must be transmitted to Congress from each department.

The bill provides for the appointment by the Attorney General of a solicitor of the Treasury, of a salary of \$5000 and such assistant solicitors as are necessary at salaries of \$3000.

Some of the more important items of appropriation are:  
Construction of vessels under revenue

cutters, \$270,000, increase \$170,000. Construction of national museum building in Washington, D. C., \$500,000.

For the Interstate Commerce Commission \$375,000, an increase of \$10,000. This increase is to the fund of \$15,000 to enable the commission to keep informed regarding compliance with the act to promote the safety of the employees and travelers on railroads.

In addition to the regular fund of \$249,000, for general expenses, there is transferred \$100,000 from the so-called anti-trust fund under the department of justice to further enable the commission to carry out the interstate commerce acts.

## FEIDLER SHORTAGE IS SENT

Surety Company Notifies  
Local Representative  
Money on Way.

The shortage in the county treasury occasioned by the deficit in the funds discovered upon the death of the late County Treasurer A. W. Feidler is to be made good as soon as the check can arrive here from the East. This morning J. B. Lanktree, local representative of the United States Fidelity and Guaranty Company of Baltimore, which was on Feidler's bond for the sum of \$100,000, received the following telegram from the home office:

"Check Feidler case, mailed you today. Notify proper parties."

This information was immediately conveyed to County Treasurer M. J. Kelly and it is expected that within a few days the greater amount of the deficit will be refunded.

The exact amount of Feidler's shortage was \$16,481.25 and of this amount the Fidelity company asserts \$1740 was missing before it went on his bond and which it claims the local banks of the city should pay. Its checks, therefore, is for the full amount less this sum and amounts to \$14,741.25.

Construction of national museum building in Washington, D. C., \$500,000. For the Interstate Commerce Commission \$375,000, an increase of \$10,000. # SALOONS IN OAKLAND WILL NOT BE CLOSED

## SALOONS IN BERKELEY ARE ORDERED TO CLOSE

Board of Trustees Reach Unanimous Agreement; Shop to Shut Up on June 1.

BERKELEY, May 29.—The saloons of Berkeley are to be closed tight, beginning June 1. The edict went forth from the Town Trustees last night, and will be enforced by Marshal Tolmer when the month of May is at an end. Two special officers will be appointed by the police authorities, whose sole business it will be to see that no saloonkeeper evades the order of the powers that be in Berkeley.

The committee of one hundred, representing the churches of Berkeley, is given credit for the result achieved before the Town Trustees last night. The committee of one hundred includes representatives of almost every church in Berkeley. The committee has held but one meeting in all its existence, but the one meeting seems to have been enough to do the work. That meeting was held last Saturday night, when Victor J. Robertson was elected chairman, and a petition to the Town Trustees was framed, asking that the saloons in Berkeley be closed until such time as conditions in San Francisco warrant the authorities of that city in opening the liquor stores. At the same time the committee of one hundred declared its purpose to try and close all saloons within a radius of thirty miles from San Francisco.

**PRESIDENT PETITION.**  
The Town Trustees received this petition last night, heard the addresses of the representatives of the committee and other citizens, and without hesitation granted the petition.

The petition was worded as follows: "Whereas, it has been deemed advisable to render all assistance possible to San Francisco during the present emergency, be it  
"Resolved, that it is the sense of this committee that all saloons within a radius of thirty miles of San Francisco be closed, and that the co-operation of all similar committees in this territory be sought in order to devise ways to bring about this result, and if it is found to take steps accordingly."

"Resolved, that a committee be appointed to make arguments in favor of closing the saloons after Trustees Olson and Hoff, who represented the press; E. J. Martin of the local option league; S. N. Wyckoff, representing the Berkeley Relief Committee; Captain C. R. Greenleaf, chairman of the committee of one hundred; Victor Robertson of the North Berkeley Improvement Club; F. W. Foss, president of the Chamber of Commerce, and E. E. Newton.

Those who were strongly in favor of closing the saloons until San Francisco decides to reopen the saloons, were Messrs. Schad, Olsen, Hoff and Foss.

Many saloonmen were there and none opposed the petition. They will not lose the license money for the unexpired term. If this money cannot be lawfully repaid by the town treasury, the men who are responsible for the closing of the saloons will have to make the sum good. The present quarter ends the 1st of July.

The order closing the saloons is to take effect tomorrow. This will mean that the citizens of the town will have to make up a fund of \$450 to repay the saloonmen. The trustees voted to carry out every detail of the petition as it upheld the sentiment of the people.

Mr. Mendenhall read the petition to the board last night.  
"To the Honorable Board of Trustees of Berkeley: The undersigned citizens of Berkeley hereby request your honorable body to close the several saloons in Berkeley during such time as the conditions in San Francisco make it necessary for the saloons of that city to be closed."

**SEEKS INFORMATION.**  
After having heard the petition read and approved, Trustee Schad wanted to know whether this was an independent communication sent in by various churches of Berkeley. The

reply to the contrary was given to him.  
S. N. Wyckoff, who represented the San Francisco Relief Committee, read a letter that had been sent to each of the Berkeley saloonmen by the Relief Committee. The letter reads as follows:  
"To the honorable saloonkeepers of Berkeley: In view of the facts that the citizens of San Francisco feel that the closing of saloons on this side of the bay is essential to the safety and welfare of the city in the present emergency and that the Berkeley Relief Committee will soon become dependent on the Relief Committee of that city for funds and is now dependent on them for supplies, this committee requests that the Berkeley saloons be closed until such time as the San Francisco saloons are opened."

**"ED L. PARSONS, Chairman."**  
Captain E. J. Martin, who represented the Local Option League, then faced the meeting, saying in part:  
**SAYS THEY ARE SATISFIED.**  
"Undoubtedly the people of West Berkeley are satisfied with their saloons. There are nine saloons there and I have never heard a word of protest against them from the people of that section. But tonight we come under peculiar conditions. We come here as men who are jealous of the good name of our town, and who desire to help a sister city in distress. The saloons must be closed as long as this great necessity exists. San Francisco is no prohibition town and you can depend upon it the saloons there will be allowed to open."

A. W. Atherton, who represented the local press, was then heard from. He said in part:  
"This is the first time in the history of Berkeley that the press has united in asking the trustees to grant the petition of the Committee of One Hundred. I think that the press is a sure indication of the sentiment of the people and they express themselves unanimously in favor of closing the saloons."

**GIVES HIS VIEWS.**  
Immediately following this speech, Mr. Robertson gave his views. His point was practical and for numerous reasons desired the saloons closed. He believed that the San Francisco Relief Committee desired the saloons closed, and if we wanted financial support from them they would not give it to us if we did not close the saloons. He said Berkeley had always been foremost in every good cause, and should not be last this time.

General C. R. Greenleaf, chairman of the Committee of One Hundred, said in part:  
"I have been deeply impressed by the unanimity of public opinion on the saloon question. It is not a question of prohibition or anti-prohibition. It isn't a question of closing the saloons permanently. It is simply a question of helping our neighbor in this time of her distress. Material aid and sympathy are coming from all parts of America. The people know that San Francisco has asked us to temporarily close our saloons, and we will be morally disgraced unless we listen to the cry of distress that comes from that city. We ask for 'a square deal.'"

F. W. Foss, chairman of the Chamber of Commerce, made some hastily statements and said that Oakland had disagreed with the result of the failure to close the saloons there and that her shame was known to the civilized world.

**CAN'T REFUND MONEY.**  
Anthony Johnston stated that the Board, under the present ordinance, could not legally refund the money from city treasury to the saloonmen. Mr. Martin said he would be responsible for the money, and he was backed by Mr. Atherton, who stood for the press. The entire amount for the nine saloons for the remaining month of the quarter would be \$450.

The question of renting the wharf and the accompanying appropriation was then voted upon and passed unanimously.

The tremendous influx of business along the water front, it is stated, before has the need of docks and wharves been so conclusively demonstrated.

It is hereby allowed the use of Webster street wharf and the city wharfage is hereby directed to rent the warehouse on said wharf to the said company.

"Resolved, That the Board of Public Works be and is hereby authorized to proceed with the work of extending sheds and repairs on the city wharf for more shipping facilities at a cost not to exceed \$2000."

## RESOLUTION DEFEATED BY A VOTE OF 5 TO 6

Liquor Dispensaries Will Continue to Do Business Between the Hours of 8 a. m. and 7 p. m.

Oakland's saloons are to remain open. By a vote of six to five the city council last night defeated the resolution presented by Councilman Elliot, ordering that all saloons in the city of Oakland remain closed until further notice, and also that the sale of liquor by wholesale houses in Oakland, in restaurants and in drug stores, except on the prescription of a physician, be prohibited until the order of the council closing the saloons was rescinded. When the roll was called on the resolution, the vote of the council on the adoption of the resolution was as follows:

Ayes—Councilmen Donaldson, Elliot, Meese, Pendleton and Thurston—5.  
Noes—Councilmen Aitken, Baccus, Burns, Hahn, McAdam and Pendergast—6.

**ELLIOT'S RESOLUTION.**  
Councilman Elliot's resolution, when presented to the council, was referred to the committee of the whole, and last Friday evening this committee, by a vote of five to four, recommended that it be adopted. The recommendation of the committee, which was read last night, when the resolution was presented to the council for final action, was as follows:

"Oakland, Cal., May 28, 1906.  
"To the Honorable, the Council, of the City of Oakland—Gentlemen: I beg leave to report that at a meeting of the committee of the whole of the council of the city of Oakland, held on May 24, 1906 (nine members present), it was recommended that the resolution in regard to the closing of saloons be adopted."

**PRESENTS SUBSTITUTE.**  
After the reading of the recommendation of the committee of the whole, before the vote was taken on the resolution, President Fitzgerald, surrendering the chair, to Councilman Baccus, presented the following as a substitute for the Elliot resolution:

"Resolved—That the saloons in the city of Oakland be, and are hereby ordered closed between the hours of 2 p. m. Saturday, and 8 a. m. Monday, until July 1, 1906."

In presenting this substitute for the Elliot resolution for the consideration of the council, President Fitzgerald said:

"After careful consideration of this question, I am of the opinion that no such drastic action as that proposed in the resolution presented by Mr. Elliot should be taken by this council. I believe that this city is able to take care of itself, and control the liquor traffic without such action, and therefore I have prepared a substitute for the resolution which has been recommended for adoption by the committee of the whole."

**MOTION IS LOST.**  
After the reading of the substitute resolution by the clerk, a motion was made by Councilman Fitzgerald, and seconded by Councilman Aitken, that the rules be suspended, and the sub-

stitute voted on at once, but the motion was lost by the following vote:

Ayes—Aitken and Fitzgerald.  
Noes—Baccus, Burns, Donaldson, Elliot, Hahn, McAdam, Meese, Pendleton and Thurston.

President Fitzgerald's proposed substitute for the Elliot resolution being thus disposed of, the chairman instructed the clerk to call the roll on the original resolution. Before the vote was taken, however, Councilman Elliot asked permission to present some additional facts on the saloon question for the consideration of the council before final action was taken. Mr. Elliot said:

**COUNCILMAN ELLIOT.**  
"There are a few words which I feel should be added to that which has already been said in support of this proposition to close the saloons of this city until such time as conditions have become more settled and the sale of liquor less liable to produce evil results. I do not usually make it a practice to indulge in statistics, but, if I remember correctly, the other side, the gentlemen who have opposed this proposed closing of the saloons, first resorted to the employment of statistics to support their stand in this issue."

**SUBMITS FIGURES.**  
"The following figures, which, following the example of Councilman Burns, and others who have presented statistics in support of their contention that the saloons of Oakland should not be closed, I secured by personal investigation. I can therefore vouch for their correctness, and they may throw additional light on the question as to whether or not the saloons of this city should be closed for a reasonable time."

"From April 1 to April 17, or until the day before the earthquake, the records of the police department show that there were seventy-nine arrests for drunkenness, an average of five each day. From the morning of April 18 to May 1, during which time the saloons were closed by order of this council there were fifty-seven arrests for drunkenness, an average of four each day."

"On May 2 the council rescinded the order closing the saloons, and from that date until May 19, the records of the police department show that there were 485 arrests for drunkenness, an average of twenty-six each day. During this time it is true that the population of this city had increased by approximately 100,000 people, but this increase in population was more than counterbalanced by the restrictions imposed by the city council on the manner in which the saloon business should be conducted."

**ONE-HALF CLOSE.**  
"On Sunday, May 20, in compliance with a request by the Knights of the Royal Arch, one-half the saloons remained closed, yet on that date there were twenty-eight arrests for drunkenness, and between that date and May 28 there have been 218 arrests for drunkenness, an average of twenty-four each day."

"Last Saturday, according to the police records, thirty-eight arrests were made for drunkenness, that is, from 12 o'clock Friday night to 12 o'clock Saturday night. Yesterday, through the

efforts of the Knights of the Royal Arch, for which they are entitled to every credit, the saloons of this city remained closed during the entire day, and the number of arrests dropped from thirty-eight, the record of the preceding day, to twelve, that being the total number of arrests made from midnight Saturday to midnight Sunday, during which time all the saloons remained closed."

**ANSWER QUESTIONS.**  
"These statistics, I am sure, answer fully any question as to whether or not the closing of the saloons of this city will diminish the amount of drunkenness on the streets of Oakland."

"Now, there is just one other subject on which I wish to say a few words before this matter goes to a vote of the council. Mr. Hanrahan, who appeared before the committee of the whole of the council last Friday

night, as the representative of the Knights of the Royal Arch, to protest against the closing of the saloons, declared that there were 2500 persons dependent for their livelihood on the liquor traffic, and that to close the saloons would be to throw these people out of employment. By the figures which I have just read, it is shown that the keeping of these people in employment has been the means of throwing approximately five hundred other people into jail for drunkenness within one month."

**NOT A SUGGESTION.**  
"Would it not, then, although I do not by any means offer this as a suggestion for action by the council, be far wiser to find other employment for the 2500 people who are dependent on the liquor traffic, and close the saloons, thus reducing the work of the police department and police courts, and keeping our people out of jail?"

"I think, however, Mr. Chairman, that this request to close the saloons is perfectly reasonable. We simply wish to put a stop to drunkenness on the streets of Oakland. We specify

no time. We simply ask that the saloons remain closed until the excitement which has followed the earthquake has subsided, and conditions in this city once more become normal."

**IMPORTANT QUESTION.**  
"We must remember that this question is one of the gravest which this council has ever had to consider, and it is my honest belief that we as Councilmen should pass a piece of legislation which will not only tend to render conditions in this city far better than they are at present, but which will at once remove any danger of unfavorable comment on the part of people of other communities."

Councilman Burns, in answer to the mention of his name by Councilman Elliot, said:

"I would like to ask Mr. Elliot why, when I proposed an amendment to his resolution last Friday night, which would at once have closed all the saloons, by revoking every saloon license in the city of Oakland, he voted against it. If he wished to close the saloons, this would surely have been the easier way."

**BURNS DECLINES.**  
Like a flash Elliot jumped to his feet with the remark: "Mr. Burns, if you will make that motion tonight I will second it, and more than that, I will use every effort in my power to secure its passage by this council."

Councilman Burns, however, declined to again present the amendment proposed by him at the meeting of the committee of the whole, and further discussion along this line was closed by the instruction of the chairman to the clerk to call the roll on the resolution. As their names were called the councilmen voted as follows:

Aiken "No." Baccus "No." Burns "No." Donaldson "Aye." Elliot "Aye." Hahn "No." McAdam "No." Meese "Aye." Pendleton "Aye." Thurston "Aye." President Fitzgerald "No." The resolution was lost.

**COUNCILMAN THURSTON.**  
When the result of the vote had been announced by the chairman Councilman Thurston proposed that the resolution presented by President Fitzgerald be again presented in due form for the consideration of the council. In explanation of his motion, Mr. Thurston said:

"I voted for the resolution presented by Councilman Elliot because I believed that the saloons of this city should be closed until conditions become more settled, but since that resolution has been defeated, I wish to propose that the resolution presented as a substitute tonight by the chairman of the council be again presented for a vote. I will ask President Fitzgerald's permission to introduce his resolution in regular form, and hope that it will be adopted as the best substitute for the resolution closing the saloons every day in the week."

**THURSTON'S RESOLUTION.**  
President Fitzgerald, in answer to Councilman Thurston, ruled that as the motion to suspend the rules, and present the resolution to the Council, had been lost, the resolution could not be again presented for consideration.

John D. Isaacs of the board moved that nothing be done regarding the architects' reports until all of them had been received, and the motion was carried.

Mr. Isaacs also made the suggestion that as long as some of the schools had to undergo such extensive repairs it might be well to revise the rapid increase in population, to increase their size. No official action was taken on the suggestion.

The matter of moving garbage from the schools was taken up, and the offer of the crematory people to supply cans, of which about one hundred will be needed, at 75 cents each, was accepted.

**DR. F. J. TODD IS HOME FROM EAST**

Dr. F. J. Todd, the well known physician, has returned from a three weeks' Eastern trip, in which he combined business with pleasure. Dr. Todd's trip was ostensibly a professional one, for the purpose of treating his father, who resides at Jeddo, Michigan. Dr. Todd also visited his birthplace, Claire, Michigan, where he spent his childhood days.

He states he is glad to get back to Oakland, that he prefers to take an occasional chance of being struck by lightning, rather than to be struck by the regular visits of tornadoes, hurricanes and other natural calamities of the West.

**GOING A LITTLE TOO FAR.**  
A girl was killed by a train in Ontario, while she was singing "Hail, Central, Give Me Heaven." While we've always had our own idea about what should be done to a girl singing that song, still the engineer went a little too far.—Albany Times-Union.

Councilman Thurston then presented the following resolution:

"Resolved, that all saloons and wholesale liquor houses in the city of Oakland be and the same are hereby ordered closed between the hours of 2 p. m. on Saturday, and 8 a. m. on Monday of each week until July 1, 1906. Cafes and restaurants shall not sell liquors during the hours above prescribed. Drug stores may sell liquors only on prescription by reputable physicians at any time."

**MOTION IS LOST.**  
After the reading of the resolution, President Fitzgerald referred it to the license committee for consideration. This action brought an emphatic protest from Councilman Elliot, who asked that the resolution be referred to the committee of the whole, and that this committee meet immediately after the adjournment of the council for the discussion of the question. Elliot was, however, overruled by the chair, being informed that only by majority vote of the council could the resolution be taken from the license committee and referred to the committee of the whole.

Elliot, seconded by Councilman Pendleton, then moved that this action be taken, but the motion was lost by the following vote:

Ayes—Elliot, Meese, Pendleton and Thurston—4.  
Noes—Aitken, Baccus, Burns, Donaldson, Hahn, McAdam and President Fitzgerald—7.

Councilman Hahn then moved that all further discussion of the saloon question be indefinitely postponed, but the motion received no second.

**PASTOR'S LETTER.**

The following communication from the Rev. Griffith Griffiths, pastor of the Market Street Congregational Church, was presented to the council: "Honorable Mayor and City Council, Oakland, Cal.—Gentlemen: The Market Street Congregational Church, at its regular service yesterday morning, unanimously resolved to appeal to you, in view of existing conditions in San Francisco, and on this side of the bay, to take the necessary measures to close all the saloons of our city for the present. Respectfully yours,

"GRIFFITH GRIFFITHS, Pastor.  
"May 28, 1906."

**COMMENDS COURSE.**  
A communication was received from the Bartenders' International League commending the course of the city council in the handling of the matter of the closing of the saloons.

**LICENSES GRANTED.**

Liquor licenses were granted as follows: James F. Hanley and Thomas B. Hanley, 1507 Seventh street; Geavell & Risl, 864 Broadway; Murdoch & Smith, 573 Twelfth street; Kroman & Gabrielsen, 513 Webster street; John H. Collins, 466 Ninth street; Volgt & Feldman, 1327 Seventh street; W. F. Neidman, 1007 Broadway; P. Perata, 552 Broadway; T. M. Ferguson, 686 Broadway; Bright & Arena, 661 Broadway; F. J. Lea, 4684 Thirteenth street.

The same disposition was made of the application of Potenberg & Co., at 844 Franklin street; Clarke Bros. & Co., 842 Franklin street, and Lowenthal Bros., 907-909 Washington street, to run wholesale liquor houses.

## THREATENED WITH LEGAL SQUABBLE

Board of Education Expects Trouble Over Who Shall Pay for School Repairs.

The district attorney's opinion is that the property of the school, in view of the fact that it was not completed, should be sold to the city, and that the city should be responsible for the repairs. The board of education, however, is of the opinion that the property should be sold to the city, and that the city should be responsible for the repairs. total cost \$7000. To strengthen the school with lintels over all openings in place of arches, anchors, ties, etc., would cost \$1000 for the Washington School and \$1500 for the Lincoln. They recommended increasing the amount of cement in the mortar to one barrel per 1000 bricks.

Dick & Reed estimate the cost of repairing the Market Street School building at \$27,800, of which \$13,000 would have to be spent in brick work, including the staving up of floors and additional steel and iron work; \$7800 for copper cornice and parapet wall, including frame work to support the same, and \$1090 for miscellaneous repairs. According to their report, the principal damage done was in the brick and terra cotta work, parapet walls and cornices being torn down, and all the exterior walls being cracked and out of plumb. The interior walls are somewhat out of plumb. The exterior walls and the brick stacks, they say, should be taken down all around to the first floor level and rebuilt. Richer mortar is recommended for the brick work. There is much to be done in the way of carpenter and steel work.

To make the building substantially earthquake proof, according to the architects' report, it would be necessary to practically rebuild it. They recommend that when the wings are put up they should have foundations 10 feet deep, that the superstructure have a skeleton frame of re-enforced concrete with re-enforced concrete floors and concrete frame with blind walls. They feel, would tend to the central part of the building to be the most vulnerable.

The architects recommended that money for the construction of the wings be included in the new issue and that they be constructed at once.

John D. Isaacs of the board moved that nothing be done regarding the architects' reports until all of them had been received, and the motion was carried.

Mr. Isaacs also made the suggestion that as long as some of the schools had to undergo such extensive repairs it might be well to revise the rapid increase in population, to increase their size. No official action was taken on the suggestion.

## ELABORATE CANTATA WILL BE PRESENTED

The cantata, "Little Red Riding Hood," to be given Thursday night, May 31, in Alcatraz Hall for the benefit of St. Andrew's Sunday School, is the most elaborate entertainment St. Andrew's people have ever attempted.

The success of the production will be largely due to the untiring efforts of Miss Hilma A. Nuttall, stage manager, and Misses Josephine G. and Elsie Cahill, musical directors. Attractive posters are to be seen in some of the shop windows.

**WEDDING BELLS CHIME IN ALAMEDA**

ALAMEDA, May 28.—At the home of Justice F. S. Cone Sunday night Miss Eugenia Agnes Silver of Santa Rosa and Herman Horst of 902 Santa Clara avenue, this city, were united in marriage. Miss Gertrude and Henry Horst, sister and brother of the groom, were witnesses. Upon their return from a honeymoon trip, Mr. and Mrs. Horst will reside at 333 Eighth street, Oakland.

Mr. Horst is a well-known young man of this city, being a son of William Horst. His bride has been residing in Oakland since the earthquake.

Mr. Horst secured his marriage license Sunday, getting Deputy County Clerk Hendey of this city to issue it for him.

## WILL PUT WATER FRONT IN SHAPE

Necessity for Providing Facilities for Shipping at Once Causes Action.

The necessity for Oakland to afford facilities for the transaction of business on the water front was discussed by the wharf and water front committee last night with the result that the Board of Public Works has been authorized to expend a sum not to exceed \$2000 in the building of sheds and repairing of wharves on the water front.

This action was brought about by the petition of the California Transportation Company to be allowed the use of the Webster street wharf. The Pendergast-Goodall Company has been leasing both the city's wharves for the month and claimed to have business enough to tax both wharves to the utmost. The claims of both companies were considered by the committee prior to the regular meeting of the council with the result that the following resolution was introduced:

"Resolved, That the California Transportation Company be and

## SALVATION LEADER

Miss Booth Comes to  
Look Over the Sit-  
uation.

Among Sunday's arrivals in Oakland was Miss Evangeline C. Booth, daughter of General William Booth, the venerable leader and founder of the Salvation Army. Miss Booth is in command of the entire Salvation Army forces in the United States, and has come from New York to see for herself the real condition of affairs in San Francisco, and to plan for the well-being of that organization in that city. Accompanying her were Colonel and Mrs. French, leaders of the work here, and Lieutenant-Colonel William A. McIntyre, secretary for field affairs for the United States, also of New York.

Miss Booth has already raised a large sum of money towards the re-establishment of the Salvation Army work in San Francisco, ten thousand dollars having already been remitted to Colonel French for this purpose. No effort will be spared to make the army work more useful and widespread than ever before in its work of philanthropy. It was hoped that the new building of the Salvation Army headquarters on the old site, Mission street near Ninth, would be ready for Miss Booth to dedicate, but, owing to the inclement weather it will not be possible. Miss Booth would not consent to conduct any public meeting in Oakland, owing to the informal character of her visit, but has consented to meet the Salvationists, soldiers and officers, tonight at the Army Citadel, 523 Ninth street, for a special council. She will also speak Wednesday afternoon at a special memorial service in Golden Gate Park.

EMBEZZLER GOES  
BACK FOR TRIAL

George Taggart, alleged embezzler from Philadelphia, will be taken back to that city this evening where he will be tried on the charge of having appropriated about \$500, alleged to belong to Le Barri Jayne Leamy Taggart, it is said, into wrongful possession of the sum in question by representing that he was the sole proprietor of the stock in the Bowler's Journal. Detective John H. Dwyer of Philadelphia was sent out here from Philadelphia to bring Taggart back to justice. The accused was disposed to fight extradition, but on the showing made by prosecuting attorney Leach of the extradition documents and facts in his possession, this morning Taggart's attorney decided to allow the accused to be surrendered.

## REPORTS MADE AT THE POLICE OFFICE

Despite the fact that there are thousands of strangers in this city, many of whom are apparently criminal instincts, waiting an opportunity to commit crime, the record of wrongdoings today made by Chief of Police Wilson in no way reaches the limit of those which have been published daily for several weeks past.

A. H. Smith says he left room 18 in the Bacon Block yesterday for a short time, and when he returned he found that a hunting case gold-filled watch, which he had left in a vest which was hanging on the wall, had been stolen.

Mrs. M. H. Stibbe of 558 1/2 Twentieth street says she lost last night a cape fur collar, which she wore during the last act in the performance at the Bell Theater.

Mrs. C. Norman lost a diamond sunburst valued at \$125, while walking home last night, at the corner of Thirtieth and Grove streets.

L. E. Williams of 570 East Seventeenth street, at the Army Citadel, 523 Ninth street, tonight in front of the Oakland Paper Company, on Broadway, between Tenth and Eleventh streets.

John Valet of 111 East Twenty-first street mourns the loss of a similar machine, the purloiner of which is unknown to him.

## MOB HANGS A MURDERER IN SOUTH

MONROE, La., May 29.—A mob engaged a special here last night and went to Tatum, La., where they took from jail and hanged R. L. Rogers, a white man, alleged murderer of Jesse Brown, a merchant of Girard, La. Brown was killed February 19, 1904.

Rogers was tried and found guilty. He got a change of venue and a new trial was ordered. He was discharged on a plea of former jeopardy.

## WILL SWALLOW THE INSULT

RUSSIAN MINISTRY WILL NOT  
RESIGN ON DE-  
MAND.

St. PETERSBURG, May 29.—As fore-  
shadowed in the statement made by Min-  
ister of Agriculture Stolinsky to the As-  
sembled Press last night, the government  
has decided on its course of action with  
reference to the vote of lack of confi-  
dence of the lower house and its demand  
for the resignation of the ministry. It  
will swallow Parliament's affront and  
reat its resolution simply as a declara-  
tion beyond its competency and conse-  
quently as not binding upon the monarch.

She Quit  
Coffee  
But it was  
a hard pull.

It is hard to believe that coffee will  
at a person in such a condition as it  
did a woman of Apple Creek, O. She  
tells her own story:  
"I did not believe coffee caused my  
trouble, and frequently said I liked  
so well I would not quit drinking  
even if it took my life, but I was a  
terrible sufferer from heart trouble  
and nervous prostration for four years.  
"I was scarcely able to be around at  
all. Had no energy and did not care  
for anything. Was emaciated and had  
constant pain around my heart until  
I thought I could not endure it. For  
months I never went to bed expecting  
to get up in the morning. I felt as  
though I was liable to die any time  
during the night.  
"Frequently I had nervous chills and  
at least excitement would drive sleep  
away, and any little noise would up-  
set me terribly. I was gradually get-  
ting worse until finally one day I  
came over me and I asked myself what  
the use of being sick all the time  
buying medicine so that I could  
bulge myself in coffee?  
"So I thought I would see if I could  
quit drinking coffee, and got some  
Stum Food Coffee to help me quit. I  
did it strictly according to directions  
and I want to tell you that change was  
a greatest step in my life. It was  
easy to quit coffee, because I had the  
stomach which I like better than I like  
the old coffee. One by one the old  
habits left, until now I am in splendid  
health, nerves steady, heart all  
right and the pain all gone. Never  
any more nervous chills, don't  
take any medicine, can do all my  
housework and have done a great deal  
more.  
"My sister-in-law, who visited me  
last summer, had been an invalid for  
some time, much as I was. I got her  
quit coffee and drink Postum. She  
shed five pounds in three weeks, and  
never saw such a change in any-  
one's health."  
There's a reason."

In other words, the government has de-  
cided to ignore the demand of the lower  
house and the ministry will not resign,  
but neither will Parliament be dissolved.  
Moreover, instead of treating the action  
of the lower house as cause for offense,  
the ministry will continue its concilia-  
tory attitude in the hope that the storm  
will subside and unless Parliament takes  
some revolutionary action, the original  
policy of prolonging the session until it  
is time for the summer vacation at the  
end of June, will be carried out. In the  
meantime the government will offer its  
own projects for the solution of the  
agrarian question, etc., and if they are  
rejected the lower house will be allowed  
to elaborate its own projects. No am-  
nesty will be granted, but the political  
prisoners will be released as rapidly as  
possible.

The ministry is evidently strongly con-  
vinced that its agrarian program will  
win the support of the conservative inter-  
ests of the country, which naturally are  
troubled at the universal scheme for the  
expropriation of land proposed by the  
lower house. Both the ministry and the  
court camarilla are understood to have  
joined in a decision to accept the above  
policy.

The Novoe Vremya apparently having  
received its cue speaks of the lower house  
in a contemptuous spirit for "assuming a  
role beyond its jurisdiction." The char-  
acter of the attacks of this paper is shown  
by the attempt to construe the decision  
of the lower house not to hold sessions  
on Saturdays, as well as Wednesdays,  
which was adopted on the motion of M.  
Gostogorsky, a Jew from Grodno, as a  
non-recognition of the Christian Sabbath  
and as a direct affront to Christian  
Russia.

The Reich predicts a lull during which  
the opinion of the country will have an  
opportunity to crystallize and the govern-  
ment will attempt to restore the balance  
between the temper of the peasants and  
of the people generally.

The radical wing of the Social Demo-  
crats is urging the lower house to trans-  
form itself into constituent assembly  
while the spirit of the assembly is much  
more moderate today.

At St. Petersburg, leader of the Consti-  
tutional Democrats, presented an in-  
terpellation demanding to know who was  
responsible for the provocative Black  
Hundred telegrams printed in the Official  
Messenger since the assembling of Par-  
liament. The interpellation asks speci-  
cally whether they were printed with  
Premier Goremyky's consent and if so,  
what was the purport of their publica-  
tion.

Michael Storoizhich, a marshal of the  
nobility of Orel, and Count Heydon, a  
marshal of the nobility of St. Petersburg,  
while supporting the interpellation,  
objected to the statement that such pub-  
lications were shaking the authority of  
the Emperor, to whom they were ad-  
dressed and upon their request the ques-  
tion was withdrawn and the inter-  
pellation was unanimously adopted.

CHINA'S REPLY.  
PEKING, May 29.—In consequence  
of the vagueness of China's reply to  
the second note of Great Britain on the  
customs question the British charge  
d'affaires, Mr. Carnegie, paid a per-  
sonal visit to the foreign board yester-  
day and discussed the question ex-  
haustively with all the members. Mr.  
Carnegie considered the interview  
satisfactory and today he sent notes to  
the other legations informing them of  
the results attained and adding that  
he expected to receive satisfactory  
written assurances soon.

FIRE ON REBELS.  
DRUBAN, Natal, May 29.—Six  
attacked rebel Zulus surrounded and  
killed Colonel Leuchars's force yester-  
day near Buffalo river. Under cov-  
er of the bush the natives got within  
fifty yards of the British, but the lat-  
ter opened a heavy rifle fire upon the  
rebels and after two hours' fighting  
the Zulus fled, leaving seventy killed.  
The British loss was one man killed  
and three wounded.

BRUTE.  
"Laura," said Mr. Ferguson, "wake  
up."  
"What's the matter, George?"  
"You are talking in your sleep. That's  
carrying it a little too far."

M'GOVERN GIVES  
BRITT BEATING

NEW YORK, May 29.—Terry McGovern, fighting like a demon, with a return of his old form astonished everybody, and most of all James Edward Britt, in their ten round encounter at Madison Square last night. There were strenuous doublings from the moment the men stepped into the arena until the close of the contest.

Britt was in perfect condition, while McGovern was bogged down. There had been ugly stories regarding McGovern's mental condition and that he had neglected his training. Neither was verified by his superb showing. He was at Britt hammer and tongs, taking out of punishment stoically in order to land his blows. It was a no-doubt affair, but McGovern had much the better of it. He hammered Britt's left eye until it was out of commission, walloped his nose until it looked like an overripe tomato, and the gladiator from the Golden Gate was exceedingly leg weary when the final ring of the going found them clinched on the ropes.

Britt had decidedly the better of three rounds—the first, the fifth and the sixth. In the fifth he sent Terry to the ropes with a swinging left on the ear. McGovern came back with a right on the head. Britt jabbed his opponent's nose, and then sent him to his knees with a left on the cheek and a right on the jaw. As Terry arose, Britt rocked his head with three straight lefts, sent a right to the chin, and rapped Terry's stomach with his right. He upped with his right as the bell rang, with McGovern in distress.

ON AGGRESSIVE.

This was the only round in which Terry was in a bad way. At other times he was always on the aggressive, forcing Britt around the ring, and smashing his opponent's head with his connected with Britt's eye in the second, and at the same time tore at Britt's stomach with savage rights and lefts. He was pursuing the San Francisco billy when the bell rang. In the third Britt missed two lefts,

and Terry smashed his nose. After a sharp exchange of rights and lefts, Terry rattled Britt's teeth with right and left swings, and sent a hard right to the ear as the going stopped them.

In the fourth, McGovern pursued Britt relentlessly around the ring after he had missed a vicious left swing and gone to his knees. He was up in a second and smashed Britt's bad eye hard. Blood poured over Britt's face, and Terry hammered his ribs and stomach and hooked another nasty left to the damaged eye as they were sent to their corner.

In seven of the ten rounds McGovern forced the fighting and kept Britt dodging to avoid danger. Britt, who at times displayed excellent generalship succeeded in avoiding knock out swings, but he received many blows that made him feel queer, caused him to hug Terry hard and refuse to break until the referee took him away.

PRINCIPALS ARRESTED.

Immediately upon the conclusion of the principal bout of the evening, all those who had boxed in the four bouts—Tim Hurst, the referee, Harry Pollock, manager, four ticket speculators, two waiters and Britt and McGovern—were arrested by men of the staffs of Inspectors Schmittberger and McLaughlin and Captain Hodgins.

The fighters were charged with engaging in a prizefight. Hurst and Pollock with promoting the same. The ticket speculators with letting and the waiters with selling liquor without a license.

George Considine of the Hotel Metropole gave bail in \$500 each for all the prisoners, and they were released. Deputy Commissioners Waldo and Mathew were present when the arrests were made and accompanied the prisoners to the station.

Britt exhibited a black eye, a deep cut on his forehead and bruised and bleeding hands. He wore his fighting trunks and an undershirt, which he said he had borrowed under a raincoat. He complained bitterly that his own underclothing had been stolen while he was dressing. McGovern looked bruised and unscarred except for a slight bruise over the left eye.

ATTELL AND PHOENIX TO  
WALSH TO  
MEET  
PLAY TWO  
GAMES

LOS ANGELES, May 29.—Although the fighting game in Los Angeles has been given a setback, Manager McCarey of the Pacific Athletic club announces that boxing will be continued.

Abe Attell and Jimmy Walsh have been matched. The battle will probably be scheduled for June 15th. Walsh will come to the coast immediately to train. Abe Attell is on the ground and will go to work in a few days.

The action of the club throughout the recent affair is considered to be a commendation of all rational fight fans.

McCarey will not be caught napping again. Any puglist who fights for the Pacific Athletic club will be required to weigh for the club every day during his training so that McCarey can keep tabs on his weight.

The Phoenix of St. Mary's College will make their final appearance on the college campus tomorrow (Wednesday) day. They will play a double-header.

The first game will be called at one o'clock. This will give the fans who may be desirous of seeing the Fresno-San Francisco game a last chance to observe the Phoenix in action before going to Idora Park. Petaluma will be the opposing club in this contest.

At three o'clock the two line ups against the Puck Rye of San Francisco. The batteries in the Petaluma game will be St. Mary's McGovern and Bradbury. Petaluma, Ayres and Fleming. In Puck Rye game St. Mary's Thompson and Bradbury. Puck Rye Krause and Bode.

HARRISBURG (Pa.), May 29.—Governor Pennypacker last evening directed Captain Groves, superintendent of the state police force, to send a squad of policemen tonight to North Easton, Delaware county near Philadelphia, to prevent the scheduled fight between Bob Fitzsimmons and Tommy Burns in the clubrooms of the Tuxedo Athletic Association. The governor declines to make any comment on his action.

SPAULDINGS IN  
VICTORIOUS

The Spauldings have won four straight games this season and lost none. They defeated the St. Mary's school twice by the score of 10 to 6 and 8 to 6. They beat the Golden Wests 11 to 7 and the Athletics 14 to 8.

The Spauldings will play a team averaging 16 or 17 years of age, on Sundays only. Commenced with W. Leighou, and Jerry on base. Oakland

FERGUSON AND  
RUHLIN IN  
DRAW

NEW YORK, May 29.—Gus Ruhlman of Akron, O., and Sandy Ferguson of Boston heavyweight pugilists, fought six rounds to a draw at the Marlborough Athletic club last night. Charley White was referee but no decision was given.

It was a hard and fast fight for big men. Neither was trained in the fighting notch and while Ferguson was the cleverer, Ruhlman had the punch to offset his advantage. In the second round Ferguson knocked Ruhlman down with a right hand blow over the heart, but Ruhlman more than squared matters by sending Ferguson to the floor twice in the following round with rights to the jaw.

During the last two rounds both men fought more cautiously, and they seemed to be tired out at the finish.

SWEARS JACOBS  
HANDLED SCALES

Statement of Charles P. McHugh, an employee of the Pacific Athletic Club:

At a quarter of five o'clock the scales were brought to the office of the Pacific Athletic Club in the Wilson building by William Solomon. They were Nolan's scales, the ones which Nelson had been using in Arcadia. They were put in a little side room adjoining the office and nobody was admitted to the room until Nolan and Nelson entered the room. The scales were in perfect balance at that time.

Nelson remarked that it might be well to weigh himself at 5 o'clock in case he should want to take off an ounce or two, and, stripping, stepped on the scales. The bar did not budge at 131 pounds, showing that he was under the weight stipulated. Nelson then went out to walk around the block and Nolan remained in the building. After Nelson left, Mr. McCarey ordered me to take a seat beside the scales and see that nobody touched them.

The first man of the Herrera camp to enter the office was Tommy Jacobs. He preceded Aurelio and Mauro, who followed within a minute or so. Jacobs asked Jack Denham where the men were to weigh and Jack told him that they were to weigh in the little room.

He came into the room saying: "Are these the scales we are to weigh on?"

I told him they were. He first took the 100 pound weight off, saying as he did so:

"These scales are wrong."

I told him they were in perfect balance. He then tipped the scale up and put one hand beneath it. I could not see what he did with

his hand, but I asked him what he was doing, and he said:

"I'm looking for chewing gum."

The chewing gum trick is an old one and is often worked by fighters who want to save a few pounds on the weight. Jacobs then righted the scales and asked

possible for me to weigh. They were badly out of balance.

Jacobs then tipped the scales over, allowing the ounce bar to strike the floor with great force. I thought he was trying to get the scales back in balance and did not interfere with him.

Nolan then re-entered the room as it was close to 6 o'clock. He saw that the scales were out of balance and suggested that the club send to the scale house for an expert. We rang up, but the house was closed.

I am positive that Nelson arrived a few minutes before 6 o'clock. He took a seat in the front window and stayed there for some time looking down into the street.

On Saturday morning I accused Jacobs of having tampered with the scales. He laughed and said I had no right to let him touch them, and in answer to a wink from Jacobs to Mauro Herrera, the latter replied:

"Yes, you had no right to touch the scales, Tommy."

Jacobs did not deny that he had tampered with the scales, even when I directly accused him. I told him that I thought he was the manager of a reputable fighter and could be trusted.

I firmly believe that Tommy Jacobs tampered with the scales, as they were right when he came into the room and wrong when he got through fooling with them. I solemnly swear that this is the whole truth and it can be vouched for by Jack Denham, Charlie Oliver, M. M. Leichter and Claude Black.

## MGR. M'CAREY COLLAPSES

BY A. B. GREENEWALD.

Partner of Thos. J. McCarey in Management of Pacific Athletic Club.

LOS ANGELES, May 29.—I know that Aurelio Herrera weighed more than 140 pounds in the ring last night. I learned this from the Mexican himself in the box office at the pavilion. This was a few minutes before 11 o'clock and Nelson was holding his watch in his hand. He had given Herrera a specified time in which to say whether he would weigh in or not. Wishing to make every effort to get the men together, I took Aurelio Herrera to one corner of the box office and made him the following proposition.

"Now, Aurelio," I said, "Mauro and you and I will take the scales into your dressing room and weigh you there privately. If you are under 140 pounds, then come out into the ring and weigh publicly and Nelson will fight you. He has given his word."

Herrera said: "No, I will not weigh unless he puts up a forfeit that he will fight me whatever I weigh."

I again insisted that he should weigh first, as Nelson was firm that he would not fight Herrera if he was over 140 pounds. When there was less than a minute left in which to decide the matter, Herrera came close and whispered in my ear.

"I know that I weigh more than 140 pounds. What's the use of me weighing in?"

I was dumfounded, for I thought all along that it was nothing but Aurelio Herrera's stubbornness that kept him off the scales. All along he had assured us that he would surely make the weight all right.

"You mean to tell me that you weigh over 140 pounds now?" I repeated.

"Yes," answered Herrera.

"Then it is all off," I said, and I sent Cook into the ring to make an announcement to that effect.

I had it from Herrera himself that he weighed over 140 pounds

in the ring last night. If Herrera had been down to weight at 6 o'clock the meal which he ate could not have made a difference of more than four pounds. His confession shows that he must have weighed all of 136 pounds when he came to the office at 6 o'clock. There is only one way I can look at this, and that is that Herrera was afraid to take a chance with Nelson at even weights, and hoped to get into the ring practically at catch weights.

I am convinced that one of two men tampered with the scales and I will give five hundred dollars for proof that the scales on which the men were to weigh at 6 o'clock had been fixed.

Battling Nelson was down to the weight and had nothing to fear and nothing to lose by weighing in. By his own statement to me, Herrera could not have been anywhere near the weight, and the only conclusion I can arrive at is that a man in the Herrera camp tampered with the scales in order to give Aurelio an excuse to get out of weighing in at the time agreed on.

I have positive proof that the scales were all right before the Herrera faction arrived. After Tommy Jacobs and Mauro Herrera had been in the room a few minutes they claimed that the scales did not balance. I will repeat my assertion that I will give \$500 for proof that the scales were tampered with and if we can find the man who did it, we will make the country too hot to hold him.

Len Behymer is making up his report on the receipts. His figures are not yet complete, but they show that we took in somewhere between \$27,000 and \$28,000, all of which will be refunded. The expenses of promoting the contest will reach a total of \$4500, and I place our entire loss at \$8000 or over—how much over I cannot say.

We gave every man who did not have a coupon an order calling for his money back and every

cent will be paid. We expect to lose money on this, as there may be some who have made misstatements to us as to the value of the seats they occupied. It is no time for discrimination; we are out to do the square thing and we will make good every cent, no matter how much we lose.

Tom McCarey was taken sick last night and is home in bed suffering from a complete nervous collapse. He was worn out the night of the fight and the long wrangle broke him down.

There was no suspicious look to the betting. The Bakersfield men who came down to see the fight did not take any of the short end—that is, not enough to raise any comment. Some of them made small bets at two to one. I know that the most of them bet even money that Herrera would stay twenty rounds and this does not make it look as if Herrera let his friends in on this business.

Herrera was away over weight at 6 o'clock—I know this from his own confession to me. How much over 140 pounds I do not know, as he would never get on the scales in the presence of any outsiders. He did the same thing when training for Hanlon. We wanted him to weigh in, but he refused, saying that he would make the weight all right. We let him alone and he made 133 pounds.

We trusted him this time and this is the way he served us. Neither Herrera nor Tommy Jacobs will ever mix up in the fighting game in this part of the country again.

I want to say that the club does not blame either Nelson or Nolan. Nelson made the weight, filled every part of his agreement except the clause which called for his presence in the ring at 8:30 o'clock, and this is explained by the fact that Nolan and Nelson were still waiting at the baths for Herrera to come and weigh in.

The whole thing will be sifted out. We are after the man who fixed the scales and hope to obtain proof before long.

It is a most unfortunate affair, but we are going to stand our loss without a murmur and every cent will be refunded.

EDDIE SMITH ON  
BRITT'S SHOWING

By EDDIE SMITH

Among the sporting men today the one debatable question is: "Has Jimmy Britt gone back to the extent that he must from now on be called a good old 'once was a'?"

That Terry McGovern should go the limit of ten rounds, when, according to all reports, had there been a decision rendered, it would have gone to the Brooklyn boy, is certainly one of the surprises of the season and a reversal of form on Britt's part that were he under the supervision of the California Jockey Club, would cause him to be ruled off for life.

Every critic of note the country over predicted an easy victory for the Native Son, some even going to the extent of sympathizing with the New York patrons of the game for being called upon to witness the one-sided affair.

Terry started in right from the jump, however, and in short time it was apparent that Britt had no easy man to beat.

## M'GOVERN'S FORT.

Terry did not show the cleverness of Britt, but this, of course, was not expected. Terry's mainstay has always been his consistent rushing and slugging and this was what carried Britt off his feet last night.

Terry did not show his old time form and when he entered the ropes the dispatches from the ring-side stated, many thought he would not be able to go six rounds.

Britt evidently did not make good in his first appearance in the metropolis and his excuse of a badly battered hand will not convince the Eastern critics, that he is what we have always touted him to be.

Eddie Hanlon said right after the last Britt-Nelson fight that he was anxious to get a match with Britt and gave as his reason that Britt was done for as a champion and that the first good mar that was matched with him would beat him and that he was anxious to be that man.

## HANLON GUESSED RIGHT.

It looks now as if Eddie Hanlon had a "hunch." It is a well known fact that Britt in his amateur days visited the McGovern camp when Terry was training here to box Oscar Gardner, and was at his best. He was asked to put the gloves on with the "Terrible One" and it just took three rounds for Jimmy to show that he was Terry's equal.

Now McGovern has gone back 50 per cent and Britt can't beat him, in ten rounds. What does it mean?

Surely we hope that James Edward will be able to come back and wipe out this stain on his record.

MAKE RUNS

FIGHTERS TO

TONIGHT

The Seals and the Raisin Eaters played a queer game yesterday afternoon. There was something in the line of a comedy of errors at Idora Park and after it was all over the Seals had five runs to their credit, although they made but three safeties in all the game, while the half-dozen hits of the Raisin Pickers netted them but one run.

Three of San Francisco's runs were made in innings in which no hits were recorded, while Fresno's lonely digit was recorded in the same style. Roy Hitt did the slab work for the Seals and kept the hits beautifully scattered, not allowing more than one to an inning, while O'Brien and McGregor divided the twirling work for Fresno.

In all fourteen men were passed to first base and seventeen were left or named sacks when innings came to their ends. The Seals paroled two runs in the first inning, without the aid of a solitary hit, and after that the game was largely of the processionary order. It took two hours to end it.

PORTLAND, May 29.—Portland won the game in the tenth inning yesterday when Sweeney, Mitchell and McGredie, the first three batters each singled. Portland found Bergman the easy mark, but perfect fielding by the visitors killed off the best part of the inning before the maturing into runs.

Gavin, on the other hand, was a puzzle to the Southerners, and was hit but three times.

HANLON COME  
BACK FROM  
SOUTH

SAN FRANCISCO, May 29.—Eddie Hanlon has returned from Los Angeles where he went to see the fight between Nelson and Herrera. Hanlon said: "When the men were boxing and all McGovern came to me and asked me to weigh in. Herrera and Jacobs were not around for it and I had to give it. I think the reason will never be explained. Both men seemed to be splendid. Both men seemed to be under 140 pounds, while Nelson looked like a pig."

"As for the trouble that I had with Herrera's brother, it was all his fault. He said that I had made the fight. He said that I had been in the bath at Friday taking off weight, when I had never made any such claim. I did not know what Hanlon was doing. I never discussed the matter."

This afternoon Eddie Hanlon and Terry McGovern will have a boxing exhibition for the benefit of the boys at the corner Twenty-second and Dolores streets. Program begins at 8:30 o'clock.

## The Cause of Recrimination.

The Los Angeles Herald complains that there is a disposition in other parts of the State to speak ill of Southern California. The Herald is mistaken. Possibly a few may be disposed to be unfair and ill-natured toward the region south of Tehachapi, which is the section the Los Angeles paper designates as Southern California, but the mass of people in this part of the State would be more than cordial if our southern neighbors would let them. The people below Tehachapi are hustlers and great advertisers; they have accomplished wonders in building up a flourishing and beautiful city, and developing into a fair and fertile region what was once the most unprepossessing part of California. For this they deserve credit, and they not only receive credit from the people up this way, but are warmly admired for their spirit of enterprise and perseverance.

But unfortunately the boomers and builders south of Tehachapi have neither been fair nor generous toward the other sections of the State. Their advertising has been of a kind to cleverly disparage Central and Northern California. This studied disparagement has not been so flagrant and persistent during the last five or six years as it was during the previous twenty, but it is still indulged in. For years every issue of the Los Angeles papers contained slurring references to "Northern" California, designed to misrepresent the resources, climate and productions of all that great rich section of the State above the Tehachapi divide. Hence a spirit of pardonable irritation and antagonism was provoked, which found vent in sarcastic and bitter retorts.

It is to be regretted that jealousy and ill-feeling between the sections should have been aroused. They were unnecessary, and therefore an obstacle to the general progress of the State. A rancorous feeling is the antithesis of the spirit of generous rivalry, which is a powerful lever in development, and therefore operates as an obstruction.

This feeling should not exist because it is injurious to the State at large, and is a discredit to the people of both sections. Surely there is room enough in this great State for all communities to expand and prosper without jostling each other or provoking sentiments of animosity. While the people south of Tehachapi first began throwing stones, they can easily have peace and harmony, by ceasing to detract from other sections while glorifying their own. We harbor no grudges up here, and have no disposition to deride our neighbors to advance our own interests. There is no need to: Indeed, in the older sections of the State there is no such feeling toward the Trans-Tehachapi region as the inhabitants of that section have manifested toward Central and Northern California. The editor of the Los Angeles Herald would realize this if he knew our people better, or knew them at all. He is a late comer in Los Angeles and has kept up the disparagement after the great majority of Southern California newspapers had ceased to indulge in it. His complaint now is analogous to that of a boy who whines because the bees sting as a result of stinging their hive. If he and others like him will quit throwing stones we promise him that he will get no words save those of kindness from this section.

At last the municipal authorities have decided to put up street signs all over the city so that the wayfarer may know where he is at. It was high time. THE TRIBUNE has for years urged that this be done, but like many simple though necessary things, it has remained undone till the sudden influx of a large stranger population made the lack of street signs the subject of much unfavorable comment.

## Defaulting Insurance Companies.

The reason announced by George D. Dornin for his resignation as Western manager of the National Insurance Company of Hartford is one that sharply defines and individualizes the issue of settlement pending between the San Francisco policyholders and the underwriters. Mr. Dornin says he could not in justice to himself continue his connection with a concern that refuses to live up to its obligations. His statement is that after the company's losses had been adjusted, its chief officers insisted on arbitrarily scaling down the liabilities from 20 to 25 per cent.

The charge is definite and specific in terms and directed at a specified company by its former local manager, a veteran in the insurance business, bearing an unblemished reputation for truth and integrity. No authoritative denial has been entered against Mr. Dornin's statement, and no attempt has been made to explain away its injurious import. As the matter stands a prima facie case is presented which calls for action of some sort.

The published reasons for Mr. Dornin's resignation are disquieting. It is to be regretted that perturbation should be aroused by fear that a composition of insurance losses is to be forced by the threat of long drawn out and expensive litigation, an ordeal that few policyholders are in a position to undergo under existing conditions.

It is to be hoped that the policy which Mr. Dornin charges the National with pursuing will not be adopted by insurance companies generally. It would be an inconceivable outrage if they did. The situation is deplorable enough as it is, but it will be infinitely worse if policyholders in general are to be held up and forced to yield up a large proportion of their just due under a pressure that is as dishonest and brutal as common brigandage.

Here is a matter for the commercial bodies, the banks and public officials everywhere to take up, for a company that "welshes" in California is likely to welsh anywhere. It should therefore be blacklisted and outlawed throughout the country, and thus deprived of the power to practice impositions on the public. This is a necessary measure of self-defense.

We do not know that Mr. Dornin's statement is true, but we do know that it stands uncontradicted, and that Mr. Dornin's character and general reputation warrant entire credence unless unequivocally disproved. It now behooves other insurance companies to disavow the alleged methods of the National and to give substantial proof that their oft-repeated promise of dealing fairly with their patrons will be redeemed.

The proposition to extend the fire limits of San Francisco has been knocked in the head, and it now appears that a determined effort will be made to restrict the present fire limits. This is a step backward that will result as disastrously as permitting overhead trolley wires to be erected all over the city. The danger from fire will be greater in the new city than in the old, for the rebuilding in the burned district outside the business center promises to be more largely of wood than was the old construction. Of necessity this will increase the fire risk for class A buildings and compel a material advance in insurance rates. One by one the great improvements so confidently talked of are being dropped, and the reconstruction promises to be a go-as-you-please affair in which any sort of material will be used in any old way. The result will be a vast amount of inflammable material, jerry building and a network of overhead electric wires—quite a different thing from the splendid fireproof city, of which so much has been said. It's a pity.

It is about time the absurdly false statement that Oakland's prosperity rests upon the convenience and good will of two or three men were challenged. If this city has no other claim to prominence it has no claim at all. Oakland has made men rich who audaciously turn round and claim that they made the city. This impudent claim is put forward as an excuse for seizing upon everything in sight and evading the law and obligations to the public. The men who claim to have made Oakland are simply trying to put Oakland in their pockets. The claim of making the city is merely a predicate for the claim of ownership.

Mr. Marwedel's efforts to get a decent service on the Hayward electric line has had one good result, at least, one that has earned him the thanks of the public. He has compelled the Traction Company to pay into the county treasury \$1470 deferred taxes, which have been held out for fourteen years. This of course does not mend the wretched service given the people of Fruitvale and the Hayward district, but it proves the necessity for vigilance and determination in dealing with public service corporations which habitually shirk their obligations.

Have you heard of the truly, terrible fix  
Of the miscellaneous Apteryx?  
It sits and mourns, in a voice forlorn:  
"Oh what and why was I ever born?  
(But an answering word it never has heard)  
"Oh, am I a beast or am I a bird?  
The worst of tricks 'twas thus to mix  
The family tree of the Apteryx!

"At times, in spite of my wingless state,  
I claim I'm an avis vertebrate,  
And I prove my point on the weightiest grounds,  
By laying an egg of several pounds.  
But the birds all say, who chance that way,  
'For a beast that's a most remarkable lay!  
And each one kicks when asked to mix  
In a social way with the Apteryx.

"Ah me! What manner of thing am I?  
Though I've hairy, hide and I cannot fly,  
When beasts in a cousinly way I greet,  
They spot my bill and my birdlike feet.

Dear, kind artist, this time at least,  
Beneath my portrait write 'A Beast';  
And if it sticks and no one kicks,  
You'll earn the love of the Apteryx."

## IS PARALYSIS CURABLE?

We don't know, but here is a letter that may throw some light on it:  
2127 Wallace St., Philadelphia, Pa., May 20, 1906.  
John J. Fulton Co., Gentlemen—  
Having had frequent inquiries for your Renal Compound due to the results in my sister's case, who has now taken 100 bottles, I write for the privilege of opening an agency at my home as above. My sister had a paralytic stroke five years ago. Her physician stated that he could not do anything for her and suggested that she try your Renal Compound for Bright's Disease. She can now go out and take short walks and people seeing her are anxious to know what she is using and of course, we recommend your compound. Hence, this letter asking for an agency.  
Yours truly,  
MISS EMMA PATTERSON.

Don't understand us to claim from the above that paralysis is curable by Fulton's compound except when secondary or associated with Bright's Disease. But how many paralytics know whether or not their trouble involves Bright's Disease, especially when so subtle as not to be disclosed by any other symptom. We have had numbers of such recoveries.  
One was reported by a physician in which paralysis was the principal symptom and was nearly complete from head to foot and yet a perfect recovery resulted. Is this not a serious notice to paralytics to ask themselves if their cases are not similarly caused for if they are, recovery is not only possible but probable.  
Fulton's Renal Compound is the most effective thing in the world for kidney disease in all its forms. Ask for the Renal Compound. At all druggists. For literature address Jno. J. Fulton Co., 5910 San Pablo avenue, Oakland.

## NEW AILMENT NEEDED.

Just at present a novel ailment is much wanted. # THANK PARDEE HAS VIOLATED FOOTE SPENT FOR HOLIDAYS FRANCHISE ENTIRE FORTUNE

**BANKERS SEND WORD TO THE GOVERNOR OF APPROVAL OF HIS COURSE.**

The following letters have been sent to Governor Pardee, approving of his extension of the holidays through this week, by the State Bank Commission and the Associated Savings Banks of San Francisco:

"His Excellency, George C. Pardee, Governor, State of California, Sacramento, California:—Sir: On the 18th ult., believing that the declaration of legal holidays was the only means whereby a financial panic could be averted in California, we called upon your Excellency and stated our reasons and received from you the assurance that such holidays would be declared from day to day, so long as the necessity existed. This policy you have wisely pursued to date, with the most beneficial and gratifying results to depositors and bankers alike.

"We have, since the 18th ult., interviewed and been in constant communication with members of the clearing house committee both in San Francisco and Oakland, as well as the bankers in interior cities, and we are glad to report that all the clearing house banks and savings banks in California are now open again doing business. Under these conditions, so far as the banking interests are concerned, we recommend that the holiday be terminated by June 5, 1906.

"Very respectfully,  
"BOARD OF BANK COMMISSIONERS C. H. DANFORTH, President.  
"Attest: J. Cal Ewing, Secretary."  
"San Francisco Savings Union, northwest corner California and Montgomery streets, San Francisco, May 28, 1906.

"Hon. George C. Pardee, Governor of the State of California, Sacramento, California:—My Dear Sir: I desire, as chairman of the Associated Savings Banks of San Francisco, and on behalf of such banks, to thank you for your courtesy and kindness in extending the legal holidays, and trust that you may be able to continue them as has been intimated until June 3d prox., as by so doing it will enable the banks to get their business as regards the continuation of mortgages in better shape.

"Very truly,  
"(Signed) E. B. POND."

## THINK CHINESE PLAGUE VICTIM

OFFICIAL'S DEPARTURE FROM  
TOKIO DELAYED BY  
QUARANTINE.

TOKIO, May 28.—The steamship *Siberia* has been quarantined because of the suspicion that one of the vessel's Chinese crewmen is afflicted with the plague. In consequence, Baron Mumm von Schwarzenstein, Sir Ernest Sartou and Mr. Wilson, the charge d'affaires of the American Legation, who were booked as passengers, have been obliged to delay their departure.

Solatia Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 322 Clinton street, Minneapolis, Minn., was tortured by sciatica, the pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If troubled with sciatica or rheumatism, why not try a 2-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Osgood Bros., Broadway, corner 14th and Washington, corner 12th.

## OFFICER SENDS BULLET ASTRAY

NEW MAN ON BERKELEY BEAT  
MAKES DANGEROUS  
MISTAKE.

BERKELEY, May 29.—There was some little excitement on Adeline street last Sunday morning, due to some promiscuous shooting. Officer Pickett had been in charge of the night patrol, but a new man took his place, and by some unexplained mistake he discharged his revolver, so that the bullet pierced two panes of glass and entered the notion and stationery store of Adam Guenther.

The bullet was found on the floor of the store the next morning. The family of H. D. Irwin were awakened by the noise. But the man who did the shooting rang their bell and apologized for his act, saying he had made a mistake.

CONFEDERATE GRAVES  
GIVEN A TRIBUTE

BERKELEY, May 29.—On the invitation of Mrs. Antoinette Stearns, president of Joseph LeConte Chapter, of the Daughters of the Confederacy, the members of the San Francisco chapter of the order assembled this morning at the Berkeley station at 9 o'clock and left for Mountain View cemetery to decorate the graves of the Confederate soldiers. Loads of flowers were gathered for the occasion and taken to the cemetery. The exercises at the cemetery were simple.

Had a Close Call.  
"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Suckel, of Milwau, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 50c at Osgood Bros., druggists, Broadway, corner 14th and Washington, corner 12th.

## DECISION ACTS AS BOMBSHELL

OPINION ON DIVORCES MAY REV-  
OLUTIONIZE STATUS OF  
MANY PEOPLE.

The recent decision of the United States Supreme Court holding void a marriage contracted after a divorce granted on a publication of summons has thrown a bombshell among attorneys in this city, and the judges in this county are looking up the decision with a view to seeing just what it says and how far it ought to affect procedure in the local courts. Judge J. H. Egan said: "I am endeavoring to get a copy of the decision, for from what I hear it is far-reaching and, being from the highest tribunal in the land, should have great weight."

In the case passed upon, the defendant moved from one State to another after a separation with his wife, and some years later secured a divorce by publication of summons. The wife of his spouse, who afterwards his first wife brought an action against him for maintenance, and the Supreme Court has decided that the divorce was illegal and upheld the first wife's contention that she was entitled to support.

**HUSBAND AND SONS MISSING**

Walter Austin residing at 1259 Clay street, reported to the police that a bay horse had been lost or stolen from his barn at 828 San Pablo avenue on May 27th.

A. A. Easton, of the United States ship Independence, reported that a deserter from the same vessel had stolen \$17 from him while they were rooming together at the Astor House in this city on the night of May 26th.

Eddy street, San Francisco, reported to the local police this morning that her husband has been missing since May 24.

The missing man is described as being five feet eleven inches in height, very thin, sandy mustache, gray eyes, and was dressed when last seen in a blue sack suit, black derby hat and heavy black shoes.

C. A. Hawkins, residing at Van Ness avenue and Market street in San Francisco, reported that his ten-year-old son had run away from home on May 25. The boy is described as follows: Light complexion, gray eyes, close cropped hair, wore corduroy suit, black shoes and stockings, white waist and cap with patent visor.

Mrs. Fischer, of 669 Fifth street, reports that her son, Irving eleven and one-half years of age, left home on May 23, and has been missing ever since. The boy is dark complexioned, with black eyes, and is sickly looking. He wore a dark checkered suit with knee pants.

**LIST OF CASES IN SUPERIOR COURTS.**

One class of persons has been completely lost sight of during the days since the earthquake and that is the criminal, but he is to have his day.

The judges of the Superior Court in informal conference today decided that as soon as the holidays end the work of giving each defendant a speedy hearing shall begin and to this end all of the courts will take up the criminal cases. It is the opinion of Judge T. W. Harris and District Attorney John Allen that it will take nearly two months to clear the criminal calendar and in the meantime the civil cases will have to wait. Under the rule the criminal cases have the right of way and take precedence and many who are now awaiting trial are clamoring for a hearing.

A list of the cases made up this morning by Deputy County Clerk James Glover for the inspection of the judges is as follows:

Charles Elgheiser—Assault with a deadly weapon.

George Graef—Receiving stolen property.

George Rasmussen—Receiving stolen property.

Al C. McDonald—Murder.

William Porter—Grand larceny.

Thomas Richards, William Graf and Antonio Zierau—Burglary.

Joseph Bitterly—Burglary.

B. Esperance—Assault with deadly weapon.

Edward Sather, Albert Murphy and James Smith—Burglary.

Clifford Foster—Forgery.

William Gardner—Rape.

H. W. Grant—Rape.

Joe Feneleina—Felony.

Walter Earl—Assault with a deadly weapon.

M. W. Simpson—Seduction under promise of marriage.

Henry Marks—Burglary.

Charles Campbell and Thomas Sweeney—Burglary and priors.

A. C. Webb Jr.—Rape.

Otto L. Hasse—Fraudulent claims for stationery.

James A. Burke—Burglary.

James J. McConnell—Grand larceny.

Donald McKisick—Attempt to commit burglary.

Henry A. Logan—Enticing away a minor female.

Colonel Frank Lynch—Criminal libel.

Fredy Pembroke—Murder.

David Mitchell—Rape.

Thomas Keough—Murder.

Robert Wells, Frank Lopez, Ross Chapin and Albert McManus—Assault with intent to commit robbery.

Peter Radulovich—Assault with a deadly weapon.

Lester C. McNulty—Assault with intent to commit rape.

All of these cases have been set to be called for the first business day by Judge T. W. Harris and he has instructed Clerk Glover to ascertain for him if the holidays are to end next Sunday and if such proves to be the fact, these cases will be called and will be proceeded out among the various departments.

The judges have given up all thoughts of a court vacation and once the legal mill begins grinding it will proceed continuously throughout the summer. In the hope that the lost time can be made up.

**DENATURED ALCOHOL BILL AGREED UPON**

## ACCUSED LAD IS OAKLAND WOMEN GIVEN FREEDOM SEEMED ANGELS

YOUTH CHARGED WITH BETRAY-  
AL OF GIRL WINS HIS  
CASE.

The trial of Frank Fitzgerald charged with seduction by Miss Belle Davis, who resides with her mother at 917 East Fourteenth street, was held this morning before Judge Samuel.

The testimony of the prosecuting witness was heard by the jury. The cross-examination of Attorney E. M. Gibson, for the defense, whose questions indicated that the defense would introduce testimony very damaging to the character of the prosecutrix.

Miss Davis is nineteen years of age and the youth whom she charges with her seduction is her junior by two years. Before the prosecution's case was closed it was shown by the admissions of the girl herself that there was no valid ground for holding the defendant, and a motion to dismiss the case was granted.

## AFRO-AMERICAN COUNCIL MEETS

STATE CONGRESS TO BE HELD IN  
RIVERSIDE IN  
AUGUST.

The Afro-American Council of Alameda County held a very large and enthusiastic meeting at Judge Quinn's courtroom Monday evening.

J. B. Wilson, president of the council, called the meeting to order, with Lee Anderson as secretary.

Ten members were added to the membership roll of the council, and several applications were referred to the committee on admissions, to be reported at the next meeting of the council.

The executive committee reported that the State president, James M. Alexander of Los Angeles, notified them that he would issue the call for the fifteenth annual State congress, to meet in the city of Riverside, Southern California in the month of August.

The officers and several of the members of the Afro-American council of the City and County of San Francisco, who are residing temporarily in the city of Oakland, were in attendance at the meeting of the Alameda county council, and made enthusiastic speeches along the line of united action in the coming State campaign both north and south. The speeches were liberally applauded. The next meeting of the council will be held on Monday evening, June 8.

## PRISONER INSISTS ON STANDING TRIAL

P. M. Gady, a local real estate agent, through his attorney Judge E. M. Gibson and W. S. O'Brien, requested Judge Samuel to dismiss the charge of disturbing the peace which he had preferred against Harry Tumlin, colored, but the defendant demanded that the case proceed, as he wished to secure vindication at the hands of the court. Judge Samuel continued the case to June 5th to be set.

Gady alleged in his complaint that Tumlin and Miss Jennie Foster, also colored, took possession of a house of which he had charge, and that when he ordered them to vacate they moved into another house of which he also had charge, refusing to vacate when he ordered them to do so. He also alleges that Tumlin furnished a knife and threatened his life.

**WILL FILED.**  
The will of the late Clara E. Curtis of Fruitvale was filed for probate with the County Clerk today by Attorney George de G. G. The deceased leaves an estate valued at about \$5000, consisting of real estate. Of this about \$3500 worth is located at Fruitvale and the remainder in San Francisco.

The deceased leaves \$2000 to her aunt Ellen C. Johnson, and bequeathes the remainder to her sister Florence C. Johnson of Reno, upon the condition that she provide a home for the husband of the deceased for the remainder of his life.

# SOCIETY'S REALM

The marriage of Miss Helen Chandler and Edgar Sanborn, son of Mr. and Mrs. H. M. Sanborn, takes place Tuesday afternoon, June 5, in Trinity Episcopal Church, Rev. Bakewell officiating.

The wedding will be a simple affair, no cards having been sent out and the guests to include only the members of both families.

The bride will be attended by Miss Abby Sanborn and the groom will be supported by Walter Chandler.

An informal reception will follow the ceremony and the couple will leave on a honeymoon trip.

### IN ALAMEDA.

Mr. and Mrs. Charles Mentz, whose home on Washington, San Francisco, was destroyed, have taken a house at 1506 Sherman street, Alameda.

### SKETCH CLUB.

The Sketch Club will hold an important meeting next Thursday, May 31 at 1:30 in the afternoon. The meeting is for active and associate members, of which there are several on this side of the bay, and will be held at 1813 Pierce street. The future of the club will be discussed and officers elected for the coming year.

### WILL ENTERTAIN.

Mr. and Mrs. Joseph E. Baker will entertain the members of the Palette, Lyra and Pen Club, next Thursday evening at their home on Webster street. The cozy club quarters on Thirteenth street have been demolished by the earthquake and the reunion this week will be the first after a vacation of several weeks. The members are anticipating a pleasant informal hour at the hospitable Baker home.

### HOME AGAIN.

William Moller, the capitalist, is home again after an extended visit in Europe with his wife and daughters. The Misses Moller, with their mother, will remain for a brief time in the East. While abroad they visited several famous universities and seminaries.

### WILL LECTURE.

Mrs. Mary Fairweather will give three lectures this week at the home of Miss Theda Carter on Myrtle street. The gifted speaker will choose her themes from the work of the new dramatists and the series, including Tuesday, Thursday and Saturday evenings, will doubtless attract many prominent literary people.

### CHURCH WEDDING.

Miss Alice M. Gregory will become the bride of Daniel S. Reynolds at a pretty ceremony to take place Tuesday morning, June 5, at the Church of the Immaculate Conception. Miss Gregory is a young singer well known in church and musical circles. Mr. Reynolds has been taking an important part in League of the Cross affairs. He is cashier of the firm of J. T. Moran & Company, and enjoys a wide circle of friends in the business world.

### CHILDREN'S PARTY.

Little Miss Margaret Baker, daughter of Mr. and Mrs. Joseph E. Baker, celebrated her seventh birthday anniversary this afternoon in a happy manner. Several little guests, none older than the hostess, were invited to participate in the games and play on the lawn. And after, an hour outdoors the hostess presided at a charming birthday feast served in the summer house.

### VISITING HERE.

Mrs. Minnie Madden Pike with Mr. and Mrs. Ashton Stevens, is enjoying a brief stay in the Santa Cruz mountains. Mrs. Pike is planning to remain in California until September and will make her home with Mrs. London on Thirty-first street while in this city.

### WILL SELL PROGRAMS.

The vaudeville program to be given June 7, in the beautiful grounds of the MacDermott home on Eighth street is becoming the time and attention of a score of society men and maidens. William Barton, in charge of the program and will be assisted by a dozen clever amateurs.

Among those who will assist in the good cause by selling programs are Miss Claire Deabrier, Miss May Conklin, Miss Alice Conklin, Miss Irene Bangs, and Miss Lillian Breiling.

### WEDDING DATE.

A marriage of wide interest is that of A. M. Blenheim and Miss Aveline Hecht, which will take place Sunday, June 10, at the country home of the Hecht family in San Rafael.

### PROHIBITION CLUB.

The fifth Thursday meeting of the Women's Prohibition Club is to be held next Thursday, May 31, at the Church of the Nazarine, corner Ninth and West streets, Oakland.

The exercises of the day will open at 10 a. m., and the meeting will continue in session all day and evening. Able speakers from the East and also from the cities about the bay will be in evidence.

All people who are interested in the no saloon issue are invited to attend and take part in the open parliament. The Eighth street hall will take place. Persons wishing to take in the entire day should bring their lunch.

### INFANT LUNCHEON.

Mrs. Robson entertained yesterday in her apartments at the Berkeley Inn. Among the guests were the Misses Stevenson, Miss Helene Robson, Mrs. Milton Fray.

## THE RICHEST MEN.

List of the "One Hundred Richest Men" is published in a magazine.

How was this list obtained? Who among the hundred gave out the information? The only man in this country who ever made a show down in life was Jay Gould. The rest of the boys lived mostly in their wills and saved the inheritance tax. Fifteen years ago Rockefeller said on the witness stand that he could not tell within something like ten million dollars what his fortune amounted to. The other day he was rated at one thousand million dollars. Now he is set down at six hundred million dollars. All this is guess work. Our wealthy men are not running through the streets shouting out what they are worth, and one guess is as good as another.—New York Press.

## MANUFACTORY FOR BERKELEY

BERKELEY, May 29.—The Mercer-Hodgson Improvement Company of Eureka is another manufacturing concern that will locate in West Berkeley, having secured a tract of land 100x220 feet, at the corner of University avenue and Sacramento street. The company begin the erection in a few days of a large warehouse and lumber yard.

The company is at present operating a large mill at Ferndale, in Humboldt county, and it is its intention to ship planed lumber, flooring, rustic and other kinds of building material, besides large quantities of molding products, from Ferndale.

Lumber will be shipped here some time this week for the erection of the warehouse, which is expected to be ready for occupancy in about two weeks. The establishment will give employment to a large number of men.

## For Delicate Stomachs

there is nothing better than this strengthening, predigested liquid-food—

**ANHEUSER-BUSCH'S**

**Malt-Nutrine**

The most delicate stomach will accept and retain Malt-Nutrine after all other liquid or solid foods have been refused. It is of great value to dyspeptics and to convalescents after severe illness.
